

## Curriculum vitae

**Prof. Dr. Öner Süzer**

**Work address:** University of  
İstanbul, Cerrahpaşa Faculty of  
Medicine,  
Department of Medical  
Pharmacology, 34303 İstanbul,  
TURKEY

Phone: (+90 212) 4143023  
Fax: (+90 212) 4143082  
e-mail: osuzer@istanbul.edu.tr  
osuzer@gmail.com  
web site: www.onersuzer.com

**Marital status:** Married, his wife is expert doctor in  
anesthesiology and reanimation, has a  
medical doctor daughter who is resident in  
child and adolescent psychiatry.

**Nationality:** Republic of Turkey

**Date of birth:** December 27, 1961

**Place of birth:** Ankara

### Work experience

12/1985 - 3/1986

**Bafra State Hospital Emergency Polyclinic**  
General practitioner.

4/1986 - 7/1987

#### Military service

Chief doctor in 246<sup>th</sup> infantry regiment Oltu, Erzurum.

8/1987 - 9/1988

**Samsun State Hospital Emergency Polyclinic**  
General practitioner.

10/1988 - 4/1993

#### Education in pharmacology

Cerrahpaşa Faculty of Medicine Department of Pharmacology,  
research assistant.

4/1993 –11/1997

Cerrahpaşa Faculty of Medicine Department of Pharmacology,  
resident.

11/1997-

#### Staff membership

Staff member of the same department after the degree  
"associate professor" in 10/1997, and full professor since  
8/2003.

## **Education**

|             |   |
|-------------|---|
| 1971 - 1975 | <b>Ankara Anatolian High School</b>   |
| 1975 - 1979 | <b>Ankara Science High School</b>   |
| 1979 – 1985 | <b>Hacettepe University, Medical Faculty</b>  |
| 2011-       | <b>Istanbul University Faculty of Literature, Graduate Student at Protohistoria and Near Asia Archaeology</b> |

## **Dates for academic titles**

|         |  |
|---------|--|
| 10/1985 | <b>Medical Doctor</b>                      |
| 4/1993  | <b>Expert of Medical Pharmacology</b>      |
| 11/1997 | <b>Associate Professor of Pharmacology</b> |
| 8/2003  | <b>Professor of Pharmacology</b>           |

## **Foreign languages**

English (excellent, KPDS score A)  
French (good, KPDS score B)  
Italian (fair, KPDS score E)

## **Memberships**

Turkish Pharmacological Society (President, December 2009-)  
The Federation of European Pharmacological Societies (EPHAR) Executive Committee (July 2012-)  
Graduates of Ankara Science High School  
Turkish Medical Association  
Association of University Staff Members  
Association of Istanbul University Staff Members  
Istanbul Sailing Club

## Selected Publications

1. Suzer A, Yapici N, **Suzer O**, Aykac Z. Similar brain oxygen consumption with thiopental or midazolam in cardiopulmonary bypass. *British Journal of Anesthesia* 74(suppl. 2): A37, 1995.
2. **Suzer O**, Suzer A, Aykac Z, Ozuner Z. Dose response curve comparisons for midazolam and thiopental in isolated perfused rat hearts. *British Journal of Anesthesia* 74(suppl. 2): A45, 1995.
3. Bozkurt P, Kaya G, **Suzer O**. Diazepam serum concentration-sedative effect relationship in patients with liver disease. *Middle East Journal of Anesthesiology* 13(4): 405-413, 1996.
4. **Suzer O**, Bozkurt K, Suzer A, Aykac Z, Barlas A. Levosimendan is a more potent inotropic agent than amrinone after ischemia in isolated perfused guinea pig hearts. *British Journal of Anesthesia* 76(suppl. 1): A9, 1996.
5. **Suzer O**, Ozkan AK, Ozdener F, Suzer A, Aykac Z, Ozuner Z. Trimetazidine does not reduce ischemia-reperfusion induced arrhythmias in isolated perfused rat hearts. *British Journal of Anesthesia* 76(suppl. 1): A68, 1996.
6. Bozkurt K, **O Suzer**, Kaynar M. Benefits of supplementing St Thomas Hospital Cardioplegic solution with tetraethyl ammonium on functional and metabolic recovery of isolated rat hearts. *Cardiovascular Surgery*, Vol 5(1): 117-124, 1997.
7. Suzer A, **Suzer O**, Aykac Z. Comparison of midazolam and propofol effect on cerebral metabolism during cardiopulmonary bypass. *British Journal of Anesthesia* 78(suppl. 2): A52, 1997.
8. **Suzer O**, Erdogan O, Diri E, Suzer A, Aykac Z, Ozuner Z. Comparison of midazolam and thiopental on arrhythmias in ischemia and reperfusion conditions in isolated perfused rat hearts. *British Journal of Anesthesia* 78(suppl. 2): A1, 1997.
9. **Suzer O**, Diri E, Konukoglu D, Ozuner Z. The role of isocolloidoosmotic synthetic colloid addition to St. Thomas Hospital cardioplegic solution for cardioprotection in isolated perfused rat hearts. *Pharmacological Research*, Vol 36(1): 9-15, 1997.
10. **Suzer O**, Koseoglu S, Ozuner Z. Human albumin enriched St. Thomas Hospital cardioplegic solution increases reperfusion injury in isolated perfused rat hearts. *Pharmacological Research* Vol 37(2): 97-101, 1998.
11. **Suzer O**, Koseoglu S, Yuceyar L, Aykac B. Is it possible to estimate the oxygen consumption of isolated perfused hearts by evaluating cardiac contractility? *British Journal of Anesthesia* 80(suppl. 2): A35, 1998.
12. Yuceyar L, **Suzer O**, Unlusoy O, Koseoglu S, Erolcay H. Interactions between anaesthetic and inotropic agents on the isolated rat heart ischemia-reperfusion model. *British Journal of Anesthesia* 80(suppl. 2): A8, 1998.
13. **Suzer O**, Suzer A, Aykac Z, Ozuner Z. Direct cardiac effects in isolated perfused rat hearts measured at increasing concentrations of morphine, alfentanil, fentanyl, ketamine, etomidate, thiopentone, midazolam, and propofol. *European Journal of Anaesthesiology* 15(4): 480-485, 1998.
14. **Suzer O**, Koseoglu S, Senses V. Midazolam is a safe agent on comparison with thiopental on arrhythmias in ischemia and reperfusion conditions in isolated perfused rat hearts. *Pharmacological Research* 37(6): 461-468, 1998.
15. **Suzer O**, Koseoglu S, Han G. No beneficial effects of isocolloidoosmotic synthetic colloid addition to St. Thomas Hospital cardioplegic solution in ischemia-reperfusion injury in isolated perfused rat hearts. *General Pharmacology* 32: 101-105, 1999.
